The Safety Solution for Skylight Fall Protection

Kee®
Dome

KEE DOME is a modular system designed specifically to prevent falls through skylights. Sturdy recycled PVC bases lock the posts into position around the corners of a skylight and **KEE KLAMP** fittings and tube are used to construct a rigid frame. Various sizes are available designed around standard tube lengths of 1.5, 2.0 or 3.2 metres. Additionally a gate can be incorporated for access to roof hatches.

KDH3

KDK3

KDH2

KDH1

The **KEE DOME** structure is safety compliant, remains completely free-standing and eliminates the risk of damage to the roof membrane.

The main features of **KEE DOME** are:

- Modular system using standard components
- Made from 48.3 O/D tube (Size 8)
- Recycled PVC feet
- Complies with EN 14122 pt3
- Suitable for use on all roof surfaces with a maximum pitch of 3°
- Available in any RAL colour if required.
